

ARTIFICIAL INTELLIGENCE

# FOR ENTERPRISES

Your prospects in AI sales

## Your prospects in AI sales

**Are you interested in establishing a presence in a sustainable, digital business model that not only ensures recurring revenue but also allows you to develop your own sales team?**

Then you have arrived at the right destination with ai4performance. We are not merely a provider; we are your strategic partner in developing a scalable, profitable, and flexible sales model within the expanding artificial intelligence market.

Our system allows you to enter an industry brimming with opportunities, where your dedication directly translates into sustainable income—free from rigid structures or unnecessary obstacles.

## Who We Are – The Strength of Digital AI Innovation

As a contemporary provider of AI solutions, we create intelligent, scalable, and practical systems that address the needs of dynamic businesses. Our objective is to assist companies with advanced technologies, enhancing their operational efficiency and revealing new opportunities.

### **Our distinct emphasis:**

We specialize in automating communication, optimizing both internal and external processes, and managing content and social media through AI technology. Our tools not only alleviate workload but also yield tangible results.

### **Our intended audience:**

We collaborate closely with small and medium-sized enterprises (SMEs), self-employed individuals, agencies, and consultants—those seeking to modernize their business models and elevate them through artificial intelligence.

### **Our operational approach:**

We function entirely in a digital and remote capacity, allowing you to leverage our expertise flexibly from any location. This streamlined structure conserves resources, facilitates direct communication, and fosters exceptionally efficient collaboration.

Our offerings – Innovative solutions that deliver quantifiable benefits.

We provide a comprehensive portfolio of digital AI products meticulously crafted to meet the demands of contemporary businesses. Each product is engineered to enhance operational efficiency and deliver a genuine competitive edge for your customers.

Product	To utilize	Initial price
Artificial Intelligence Consulting	AI strategies for enterprises	at 289
KI-Chatbot	Automated client communication	at 189
Audio/Video Technician	Media editing, speech synthesis, video production	at 289
Social media automation	AI-powered content creation and distribution	at 189

#### **Distinct benefit for sales partners:**

**For each AI consultation you refer, you will earn a remarkable direct commission of 50%—this represents your direct avenue to achieving above-average income with a single transaction.**

## Your earnings – Beyond mere commissions

### **Your journey toward financial independence**

**At ai4performance, you not only generate income from your personal sales but also gain advantages from team building and appealing bonus structures. This ensures that your efforts are compensated in various ways—directly, structurally, and sustainably.**

**Direct commission:** You earn a 50% commission on each sale you finalize. For an AI consultation valued at €1,000, this translates to immediate earnings of €500. This sum is allocated directly to you and constitutes the foundation for your personal sales.

**Closing commission from your team:** You earn a percentage when your team completes a sale, distributed across four levels. You receive 50% from the first level, 30% from the second, 10% from the third, and 5% from the fourth level.

**Follow-up commission:** You will earn a permanent 30% commission on all future purchases. This will assist you in establishing a stable and sustainable income.

With this appealing commission and career structure, you have the opportunity to actively influence your income and establish a stable foundation for the long term.

**Monthly disbursement:  
While customers and team partners remain engaged.**

Our four-tier commission structure –  
Diverse income opportunities for your  
success.

If a sale exceeding €1,000 is generated within your structure, the commission is allocated as follows:

1. At the first level, the direct partner receives 50%, amounting to €500.
2. In the second tier, 30% of the €1,000 is allocated to you, amounting to €150.
3. At the third level, you receive 10%, which amounts to €100.
4. and at the fourth level an additional 5%, amounting to €50.

An overview of the distribution:

- Level 1: 50% = €500.00
- Level 2: 30% = €150.00
- Level 3: 10% = €100.00
- Level 4: 5% = €50.00

With each new sale within your network, you create genuine, transparent income across four levels concurrently. In this manner, you gradually establish a sustainable income source.

## Recurring commission: your limitless source of sustainable income.

What distinguishes the ai4performance model is the potential to establish a genuinely passive income. Unlike conventional sales models, which require starting anew with each transaction, our recurring commissions provide financial consistency and stability—month after month.

- Monthly income: As long as your customers remain engaged, your commissions will continue to be generated automatically. This implies that each customer you acquire guarantees a consistent income stream.
- No warehousing or logistics services.
- Our products are entirely digital, eliminating concerns regarding shipping, inventory, or reordering.
- Quantifiable outcomes – contented clients
- Our solutions yield measurable outcomes that your customers can observe, fostering elevated loyalty and enduring partnerships.
- Income with potential
- Recurring income enables more effective planning for your lifestyle and future—an ideal solution for those seeking financial flexibility and a long-term perspective.

**Cultivate an income that not only benefits you today but also supports you in the months and years ahead.**

## Advantages for partners – Initiate with flexibility, expand profitably
